CLIENT TESTIMONIALS

“I was in need of an eye-popping and attention-grabbing flyer for a new promotion PetSkull Brewing was running...not to mention we were on a fairly tight time table. Terry, Emily, and the crew at Seehafer News came through HUGE as they not only got me a mockup design within hours, they were able to work with me on a few iterations until we had it perfect. I am absolutely going back to Seehafer News and their marketing and design services for our future promotional needs!”

- PetSkull Brewing Company

“We were looking for fast turnout on a design project that needed a fresh look. Emily and the team turned around an excellent design for us, practically overnight and we published it the next day. We were so grateful for the talent and turn around.”

- Wisconsin Broadcasting Association

“Working with Emily and Terry on this project has been great. They’ve been extremely helpful with everything from collecting pictures and videos to making the small changes I’ve asked for. Emily did a great job with the design and offered helpful recommendations for a professional user friendly site.”

- Tapped on the Lakeshore

“Emily was easy to work with and open to our ideas and end vision for our website. She took feedback well and continued to make requested changes to ensure our website reflected everything we wanted. In the end and a lot of collaboration, our website reflects our vision. Thank you for helping us refresh our online presence.”

- Sonnenburg Builders Inc.

“Emily’s work on our monthly advertisements has made a positive impact on our business. She provides us with creative, applicable content in a timely manner. We enjoy working with Emily when designing our monthly advertisements because she offers a unique perspective, along with creative graphics.”

- Weier Wealth Management

Specialists in Digital Advertising

DISPLAY & VIDEO PRE-ROLL

A popular digital tactic that uses graphic images or video ads displayed on electronic devices. Extensive targeting criteria includes location, gender, behaviors & interests, age & HHI ranges, and more.

PAID SEARCH (SEM)

Also referred to as pay-per-click, Paid Search places an advertiser's message in highly visible positions on Google search page results based on keywords or search terms.

GEOFENCING & VIDEO GEOFENCING

Location-based advertising that serves ads to job prospects while they are using apps and websites on mobile devices and tablets that have location services enabled.

STREAMING AUDIO

Online audio includes listening to the radio via the internet. These services are accessible on many devices, including smart TVs, tablets, computers, laptops and smart phones.

STREAMING TV

Targeted OTT/CTV video ads that are delivered to all types of devices, including desktop and laptop computers, mobile devices tablets and other internet-connected devices while watching TV.

SOCIAL MEDIA

Ads that appear on Facebook, Instagram and Messenger while users are actively engaged with the platform on a desktop or laptop computer, mobile device or tablet.

LOCATION-BASED RETARGETING

Location-based retargeting allows an advertiser to reach audiences even after they've visited a geofence. Location-based retargeting uses a rolling 30-day lookback window, refreshed weekly through the duration of the campaign.
