# CLIENT TESTIMONIALS

“I was in need of an eye-popping and attention-grabbing flyer for a new promotion PetSkull Brewing was running...not to mention we were on a fairly tight time table. Terry, Emily, and the crew at Seehafer News came through HUGE as they not only got me a mockup design within hours, they were able to work with me on a few iterations until we had it perfect. I am absolutely going back to Seehafer News and their marketing and design services for our future promotional needs!”

“We were looking for fast turnout on a design project that needed a fresh look. Emily and the team turned around an excellent design for us, practically overnight and we published it the next day. We were so grateful for the talent and turn around.”

- **Wisconsin Broadcasting Association**

“Working with Emily and Terry on this project has been great. They’ve been extremely helpful with everything from collecting pictures and videos to making the small changes I’ve asked for. Emily did a great job with the design and offered helpful recommendations for a professional user friendly site.”

- **Tapped on the Lakeshore**

“Emily was easy to work with and open to our ideas and end vision for our website. She took feedback well and continued to make requested changes to ensure our website reflected everything we wanted. In the end and a lot of collaboration, our website reflects our vision. Thank you for helping us refresh our online presence.”
